## Don't Miss a Midsummer Moment!

We're here to make the very best of every season, but there's nothing like the summertime for getting out and enjoying a large helping of all the things that Spice do best!

Our summer programme is packed with walks and outdoor pursuits. We've even arranged kayaking and paddle boarding for you, right in the heart of Birmingham! And if you missed out on a Glastonbury ticket this year, we've found some great artists to thrill you, playing in Kings Heath and Tamworth!

You can add to this our summer dining, weekends away and countless other Spice treats. But Summer wouldn't be summer without our sumptuous Summer Ball. It's only four weeks away, so this really is your last call! Here is a [link to the event](#).

Summertime brings out the best in Spice and the very best in our members. So we invite you to live every magic moment of summer with all the fun and friendship of Spice!

## Loughborough University National Weekend

Spice national weekends are a real highlight of the year. Members congregate from all over the UK to enjoy brilliant activity breaks with as much sport, activity, partying or relaxation as you can handle. They are a huge opportunity to reunite with friends old and new – and to make lots of new friends along the way.

This year the weekend is over the weekend from Friday 5th August and we're at the 4 star Burley Court Hotel, on the stunning Loughborough University campus which is the home of British sport. With so many facilities on hand and a wide range of activities to enjoy, it promises to be a fantastic Spice venue, whatever you enjoy!

No National Weekend would be complete without a big party and this one has a theme of "The Sea" to challenge our creativity and sense of fun.

We now have some of the activities over the weekend advertised. Spaces are limited, so don't delay if you want to be there. [Click here for more details](#)

## Have you downloaded the Spice App?

We have had a Spice App for a few months now and many members have downloaded and use it.

Our very own Spice App is called Spice Social. Since its launch the feedback is positive with many members adding friends whilst out on the events and booking events on the go.

You can download it at the Apple Store or on Google Play for free and login in using your usual website details. If you get a chance, download it and let us know what you think of it.

Just search for SPICE SOCIAL.

Oh and don't worry, the parental guidance comment is just because we are an adult only group.
